

DVB-T & Analogic

DIRECTIVE

DIRETTIVA

With Remote Control

Con Telecomando

since 1969

La nuova antenna DVB-T direttiva analogica digitale.
Dal peso limitato (poco più di 1 kg), può essere facilmente installata anche in testa d'albero. Facilissima da montare, e' dotata di un solo cavo e il motore ha una rotazione di 360° con movimento continuo in modo da eliminare i punti morti in caso di spostamenti dell'imbarcazione anche alla fonda

NEW AMPLIFIER 12-24 V

- Small Dimension
- Test Led
- Short circuit Protection
- Gain Control
- Two separated TV Exit
- Switch to insert the Satellite Signal with Amplifier Bypass

Control Panel

The new DVB-T DIRECTIONAL-ANALOGIC ANTENNA
Little weight (little more than 1 kg)
it's easy to install on the top
Easy to mount, it has only one cable and the motor has 360° rotation with continuous movement to cancel the off points as of movements of the boat also on the anchorage.

Package:
Antenna TV 550
Power Supply-Control Panel
Line Amplifier
Remote control
IEC/ F Cable
Power supply cable
5 F Connector
15 mt CO8-B90 Cable
IEC Connector
IEC Adapter

(mounting accessory : pag 68)

Range 170 - 236 Mhz: 16 db gain
470 860 Mhz: 26 db gain
Noise Figure 4 DB
Impedance 75 Ohm
Power supplier 12 -24 V AC-DC
Power consumption 150 mA
Output Voltage + 16 dbm
Connection 15 mt (49,21 ft) cable CO8 - B90
Dimensions 32 cm (13")
Weight 1,5 Kg (3lbs)
Structure UV Resistant Nylon
Support Nylon Moulded in antenna
Base fitting Tube 40 mm (1 1/2")

Remote control
for a precise tracking
Telecomando
per un preciso puntamento

Remote Sensor

00331
