

NEPTUNA

Innovation and environment protection

NEPTUNA is the new lubricants range specially designed by TOTAL for leisure boats. All the Total group's expertise has been devoted to leisure boats professionals and yachtsmen.

A complete range of lubricants for Gasoline and Diesel engines

Recognized properties: high performance, consistent quality, cleaner engine. Products at the sharp end of technology. These lubricants meet the manufacturers' technological requirements and the latest international standards (ACEA, NMMA, API...).

Environment friendly

Total places the environmental approach at the very heart of its activity and therefore offers biodegradable oils.

NEPTUNA: for optimum performance and longer engine life.

ANAC Diagnosis

Lubricants analysis at the service of your company

ANAC is a fleet-management tool for ships or land-based rolling stock.

The ANAC service can draw up a **diagnosis of all mechanical assemblies** (engines, reversing reduction gears, hydraulics) by **sampling lubricants in service**.

The analyses are carried out by an expert system which evaluates the operation of each assembly in comparison to a reference assembly of the same type. The system takes account of the various oil-change intervals and of the lubricant's characteristics.

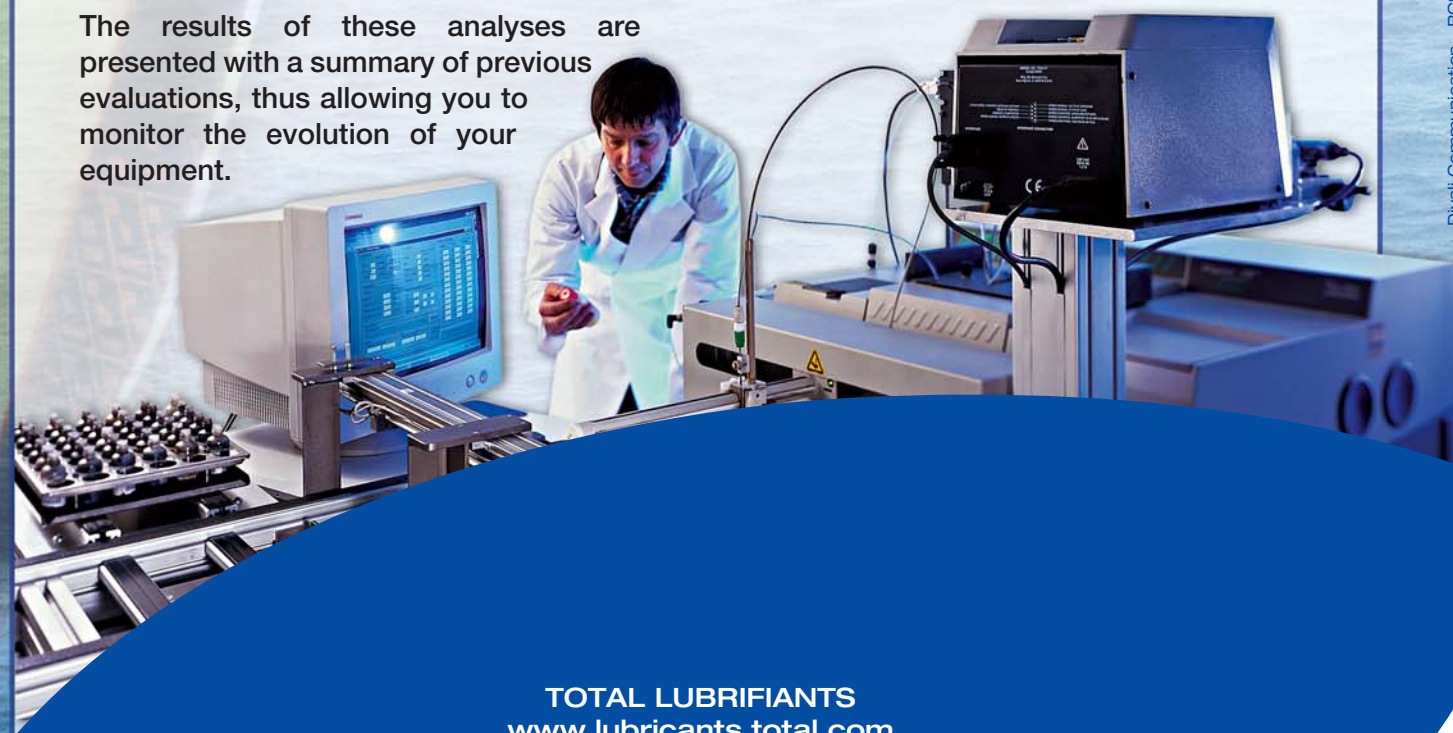

The results of these analyses are presented with a summary of previous evaluations, thus allowing you to monitor the evolution of your equipment.

Advantages

- Less downtime and mechanical damage.
- Optimisation of maintenance intervals.
- Enhanced equipment lifetime and reliability.
- Increased corporate productivity.

www.anac.be

A web-site which offers personalised secure access to the results of analyses of your oils.

Leisure Boats Lubricants

2-Stroke engines

Performance and reliability
for your engines

NEPTUNA 2T BIO-JET / SYNTHETIC

A biodegradable synthetic lubricant for 2-stroke **Gasoline** engines. NEPTUNA 2T BIO-JET combines high performance and environment protection.
Properties: excellent lubrication at extreme temperatures. Smoke free. Biodegradable.

SPECIFICATIONS

- NMMA TC-W3 RL
- EVINRUDE, JOHNSON, MERCURY, SUZUKI, YAMAHA, KAWASAKI...

Packaging
1 L

NEPTUNA 2T RACING / WITH SYNTHETIC BASE OILS

Synthetic-based lubricant for 2-stroke **Gasoline** engines. NEPTUNA 2T RACING is particularly suited to high speed engines.
Properties: resists the high pressures and temperatures of modern engines.

SPECIFICATIONS

- NMMA TC-W3 RL
- EVINRUDE, JOHNSON, MERCURY, SUZUKI, YAMAHA, KAWASAKI, MARINER...

Packaging
1 L, 5 L

NEPTUNA 2T SUPER SPORT / MINERAL

Mineral lubricant for 2-stroke **Gasoline** engines. NEPTUNA 2T SUPER SPORT is recommended for engines operating in normal conditions.
Properties: good detergence level and improved antiwear performance.

SPECIFICATIONS

- NMMA TC-W3
- JOHNSON, MARINER, YAMAHA...

Packaging
1 L, 5 L, 20 L, 208 L

4-Stroke engines

Advanced technology
for maximum performance

NEPTUNA SPEEDER 10W-30

Latest generation synthetic based oil developed for 4-stroke **Gasoline** engines operating at full load. NEPTUNA SPEEDER 10W-30 has been specially developed for leisure boats sector engines and meets the specifications of the most stringent and most recent standard: **NMMA FC-W**.
Properties: high resistance to the marine environment. Exceptional temperature resistance.

SPECIFICATIONS

- NMMA FC-W • API SL
- HONDA / YAMAHA / BOMBARDIER / MERCURY / EVINRUDE...

Packaging
1 L, 5 L, 20 L, 208 L

NEPTUNA CRUISER 15W-30

Next generation high performance lubricant. NEPTUNA CRUISER 15W-30 is adapted to latest technology 4-stroke **Diesel** and **Gasoline** engines. First lubricant to reduce fuel consumption.
Properties: high resistance to the temperatures and pressures found in modern engines. Adapted to low pollution engines.

SPECIFICATIONS

- ACEA E5/A3/B3/B4 • API CI-4/SL
- VOLVO / MAN / NANNI / BAUDOUIN
- CATERPILLAR / CUMMINS / IVECO / LOMBARDINI / MTU...

Packaging
1 L, 5 L, 20 L, 208 L

NEPTUNA TOURING 15W-40

Mineral based oil for 4-stroke engines. NEPTUNA TOURING 15W-40 is ideally suited to normally **aspirated or turbocharged Diesel** engines and to **small Gasoline** engines.
Properties: good detergence level and improved antiwear properties.

SPECIFICATIONS

- ACEA A2/B2/E2 • API SJ/CG-4
- VOLVO / BAUDOUIN / MAN / NANNI / PERKINS
- DEUTZ / YANMAR...

Packaging
1 L, 5 L, 20 L, 208 L

Specific products

NEPTUNA GEAR SYN 75W-90 / BASES

Synthetic oil for transmissions and bases. NEPTUNA GEAR SYN 75W-90 is recommended for severe operating or sporting conditions.
Properties: resistant to high pressures and high temperatures. Good detergence level.

SPECIFICATIONS

- API GL-4/GL-5/MT-1
- MIL. PRF. 2105 E

Packaging
1 L and 0,25 L tube

NEPTUNA GEAR 40 / REVERSE GEARBOX

Single grade mineral lubricant for transmissions requiring an SAE 40 engine grade. NEPTUNA GEAR 40 is also ideal for transmissions requiring a 90 grade.
Properties: antiwear and antifoam. Emulsion resistance.

SPECIFICATIONS

- API GL-4
- Grade SAE 40 (motor)
- Grade SAE 90 (transmission)

Packaging
1 L, 20 L

NEPTUNA HYDROFLUID 3 / ATF / HYDRAULIC

Special oil recommended for transmissions requiring a Dexron III® fluid. NEPTUNA HYDROFLUID 3 can be used as a hydraulic fluid for winch or rudder control.
Properties: optimized friction properties. Resists the pressures in gearing and in precision hydraulic circuits.

SPECIFICATIONS

- Grade ISO VG 32
- GM DEXRON IIF / ALLISON / ZF

Packaging
1 L, 20 L

*TOTAL covers all the leisure boats yachtsmen's requirements and also offers a range of greases, coolants, winter storage oils, combustion boosters...
Do not hesitate to contact a sales representative for more information.*
